

# Grab&Go

## Tips from our top earning drivers

1

### Greet your passengers

"Good morning!  
How's your day?"

### Listen to your passengers' tone

Are they keen on  
having a conversation?

### If passengers are interested...

Introduce Grab&Go! "You can  
redeem FREE samples  
hassle-free! No app download  
or account creation required."

2

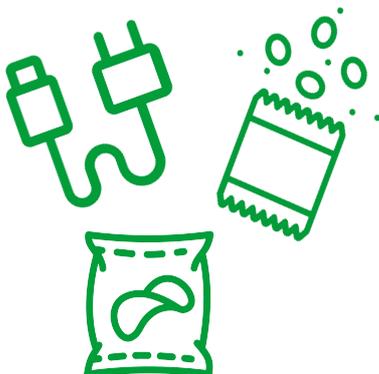

### Make use of GrabChat!

**Top drivers send a message to passengers before reaching the pick-up point. You can save a personalised GrabChat template message:**

"It's your lucky day today! With Grab&Go in your ride, you could redeem FREE samples on the way to your destination! Find out more here: [www.grab.com/grab-go](http://www.grab.com/grab-go)"

### Make sure your top items are easily seen by passengers!

You can rearrange your items and place the popular items such as free samples or popular snacks at the top of the box.
