AIRWALLEX

International Business Cards and FX

What is it?

Airwallex is a global business account system that integrates directly into Xero and NetSuite for automated reconciliation and does so much more.

FEATURES

- Save on hidden FX and international fees with 90% better FX rates than Big 4 Banks and 0% int'l card transaction fees
- Empower your team while you stay in control with Airwallex Visa Corporate Cards created in seconds for you and your team
- Accelerate global expansion by accepting multi-currency payments (USD, GBP, etc.) via bank transfers or card
- Open domestic and international accounts in 11+ currencies with a few clicks. No queues, appointments, or monthly account fees
- Accept card and alternative payment methods on your website in 170+ currencies. Minimise FX fees with no forced conversions for 8 major currencies
- Generate unique, trackable links or QR codes to accept funds from customers. Embed Payment Links in your invoices, emails, or text messages
- Save on everyday business expenses with market-leading FX rates and no hidden fees
- Stop wasting time chasing receipts. Empower your team to easily upload receipts for approval on the Airwallex app
- Complete mobile app
- Deep integration into Xero and NetSuite as well as Zapier
- Complex user permission settings to grant access to your team and accountant and bookkeeper

We've partnered with Airwallex to help you with international payments!
