ASANA

Project Management

What is it?

Work management platform designed to help teams organize, track, and manage their work.

FEATURES

- Work, project, and task management: Get clarity on who is doing what, by when
- Communication: Comment directly on a task, to clarify exactly what needs to be done, and @mention teammates or other work in Asana so everyone and everything stays connected
- Reporting: Set, track, and manage company goals while connecting it to work to achieve it for a single source of truth for leads, executives, and individuals
- Team management: Create teams to organize your projects and connect teammates with a shared calendar and conversations. You can also control team privacy settings
- Integrations: Outlook, Google Drive, Teams, Slack, Harvest amongst others
- Endless customisation to suit any industry and workflow
- Mobile: iOS and Android
