## SUBSCRIPTION: DEAR INVENTORY Inventory Management Application

### What is it?

DEAR Inventory is an all-in-one inventory management system which allows you to manage stock, from Manufacture right through to your Point of Sales. DEAR Inventory makes managing suppliers, customers, products, and finances easy.

### Features

- Advanced manufacturing features allow you to track material and labour costs effortlessly throughout the production process
- DEAR gives you complete visibility and control over stock levels, orders, and product movement
- From order tracking to split orders and drop shipment options, DEAR makes it easier than ever to track, manage and optimise each stage of your sales process
- DEAR's intuitive purchasing features save you time and effort by putting comprehensive purchasing insights – like supplier history and accurate costs – right at your fingertips
- DEAR integrates effectively with the top eCommerce and shipping platforms, like Shopify, WooCommerce, and ShipStation
